

9. Trail Magic at Rocky Comfort Creek

Long distance hikers carry with them their favorite tales of "trail magic", fortuitous things that have happened to them, often in times of need or despair, when they were tempted to give up. It might be as simple as someone to talk to or an offer of a meal. "Magic" comes in many different degrees to those who believe in it. This piece is for those who have experienced it and for those who may take the "steps" to place themselves in its way.
